REVIEW

9. **Docket 09-21-12** **13603 Madison Avenue**
Bonnie and Clyde's, LLC

Review of conditional use compliance. In September 2012, Bonnie Lewandowski, applicant, requested approval for a Conditional Use permit for an outdoor dining facility, pursuant to Schedule 1129.02 – Principal and Conditional Permitted Uses, Section 1161.03(t)(1g) – Outdoor/Seasonal Dining, and Section 1173.02 – Conditional Use Permits. The Commission granted the use with stipulations that the outdoor patio speaker be removed immediately and to close the patio on October 31st, 2012. Additionally, there was a directive to revisit the request in early 2013. The property is located in a C3, Commercial and General Business district. (Page 25)

10. Docket 12-17-07 18616 Detroit Avenue
Around the Corner

Review of conditional use compliance. In December 2007, Michael Krivosh, property owner requested a conditional use for Outdoor/Seasonal Dining Facility pursuant to Section 1129.13 and Subsection 1161.03(t). The applicant proposed to utilize an adjacent office/warehouse space to expand the existing business for private parties and a place for patrons to go during inclement weather from the patio. The request was for rolling glass doors between the patio and proposed new space. The Commission granted the use with stipulation that the property owner make a conscious effort to control the sound by lowering the rolling windows as needed and a directive to return in December 2008 for review of the aforementioned conditions of the rolling windows. The property is located in a C2, Commercial and Retail district. (Page 28)

11. Docket 05-10-11 17900 Detroit Avenue
Eddy and Iggy's Bar & Grille

Review of conditional use compliance. In May 2011, Tom Corrigan, owner of Eddy + Iggy's Bar and Grille, requested Conditional Use approval for an Outdoor/Seasonal Dining Facility, pursuant to Sections 1129.02 – Principal and Conditional Permitted Uses, 1129.13 – Supplemental Uses for Outdoor/Seasonal Dining Facility, 1161.03(t) – Supplemental Regulations for Specific Uses, and

1173.02 – Conditional Use Permit. The proposed outdoor dining would be located on the east side of the restaurant. The Commission decided to grant with stipulation of entry into the appropriate and necessary agreements. The applicant did not have the required insurance or enter into the appropriate and necessary agreement in 2012. The property is located in a C2, Commercial and Retail district. (Page 32)

OLD BUSINESS

12. **Docket 02-05-13** **Introduction from P&D Director Dru Siley:
Draft of 2012 Community Vision**

As requested by City Council in early 2012 the Planning Commission and the Department of Planning and Development began a year-long process to develop an update to the 1993 Vision. From May through December 2012 approximately 20 community workshops were held to develop an updated vision for Lakewood. Staff will present the working draft of the vision update to Commission for review and discussion. Staff requests approval of the draft and a recommendation to City Council for adoption. This item was deferred from the meeting held on March 7, 2013. (Page 34)

ADD-ON:

13. **Docket 04-11-13** **Referral from City Council to the Planning Commission**

Andrew Brickman and Abode Living request to rezone the parcels at 18828 Sloane Avenue (PPN#s 311-14-017 and 311-14-018) from R2 (Single and Two Family) to MH (Multiple-Family High Density) for the development of new townhomes. (Page 35)

March 5, 2013

To the Lakewood Building Department

Letter of intent to start a Bakery Home business in Lakewood

This letter serves as initial notice to start the process for registering a home bakery business at 1625/1627 Westwood avenue location. This home is owned by Elena Marculescu, who will be running the business as a part-time supplemental income operation. No additional employees will be hired.

The home business will be operated from the 2nd floor kitchen which is dedicated for this purpose and meets the initial requirements from the agriculture food safety division. (inspecting pending approval from planning commission) . Kitchen has tile floor, no pets in the household, runs city water, dedicated refrigeration and storage space.

The business will take and prepare individual orders of bakery products: (cookies, pastries, cakes, pretzels, etc.) and will both deliver to customer or will have customer pick up from home location. Frequency of cars coming to pick-up order is expected to maximum 2/3 cars/day, and less in the beginning.

At this stage Mrs. Marculescu has a full-time job and will run this business as a part-time occupation. Should the business increase in volume over time to the point the home location is no longer adequate to supply the business demand, a commercial location move will be considered.

As requested on my phone conversation with the Building Department a plan of the kitchen area is attached with this letter.

Please review and instruct if additional information is needed to present this to the planning commission, and next steps required.

Thank you for your consideration

Dear Members of the Planning Commission:

Thank you for your hard work to make Lakewood a vibrant city. I appreciate the challenges you face in balancing the competing needs of Lakewood's various constituencies. You do this by making tough decisions that I believe are in the best interests of our City. Your service makes a difference.

I am requesting clarification on the decisions you made in August, 2012 (docket item 06-09-12) regarding the obligations of Discount Drug Mart (DDM) and the construction of the store on 13123 Detroit Avenue. As you know, the Commission approved a conditional use for parking that included the northeast corner of the lot at 1425 Grace provided that the house at 1425 Grace would be renovated by DDM. Particularly, I am interested in the Commission's expectation of DDM relating to the renovation of 1425 Grace Avenue, and the time frame in which the Commission expected that renovation to be completed.

I respectfully request that this communication be placed on the April 4th Planning Commission and reviewed at that public hearing.

The Mayor, Director Siley and I have committed to a group of neighbors on Grace that we will get a timeline from Drug Mart for both the white house (1425 Grace Ave) and the store. The timeline, we believe, will help all of us manage expectations and bring the projects to completion in a timely manner.

Thank you for your assistance.

Sincerely,

Mary Louise Madigan
Councilwoman Ward IV

Dear Mr. Moran:

A recent inspection of the above noted property disclosed the following corrections are necessary for safe, sanitary, and proper maintenance standards as required by the Codified Ordinances of the City of Lakewood (Ord. 85-78).

The personnel of the Division of Housing and Building want to cooperate with you in keeping this city a fine place to reside. Efforts in maintaining this property are appreciated. The enforcement of Lakewood's Codes is critical to the future of the City and our department is prepared to work with you to make the following corrections.

If you have any questions on complying with the aforementioned correction(s), or if I may be of any assistance, do not hesitate to contact me. A re-inspection will occur on or about the above listed dates to verify compliance.

Property owners may qualify for financial assistance for major building corrections. Please contact the Division of Community Development at (216) 529-4663 for information about financial assistance.

This was a VISUAL INSPECTION. The city assumes no liability or responsibility for failure to report violations that may exist and makes no guarantee whatsoever that future violation(s) cannot or will not occur.

March 25, 2013

Dear Members of the Planning Commission:

We, residents of Grace Avenue, respectfully request that you hold Discount Drug Mart accountable for their important commitments to our neighborhood.

As you are well aware, Discount Drug Mart was granted a lot split and conditional use for accessory parking of a residential property on our street with the trade-off that the corporation would renovate the historic home at 1425 Grace. They demolished Grace Apartments and a large portion of the backyard of 1425 Grace. The commercial building is well underway, yet there has been no movement on the white house, 1425 Grace. We have communicated with Mayor Summers, Director Siley, and Councilwoman Madigan since early December regarding our concerns about the lack of movement to renovate and the need for a timeline and enforcement of noncompliance. We were told that by submitting this document to Mr. Siley by March 25, he would ensure that you received it along with the other materials for the April 4, 2013 Planning Commission Meeting, so we are in fact submitting this on March 25.

The rehabilitation of 1425 Grace is important for Lakewood.

Discount Drug Mart chose to buy a house with many needs and pledged to renovate it and give it back to the community. Although there is the potential for a beautiful renaissance, there are clearly many code violations at 1425 Grace. We know that these are not new. Drug Mart purchased this property knowing its needs and knowing their resources. We feel very strongly that Drug Mart should be held accountable for properly renovating the house.

After the elderly previous owner passed away, the Nadas family had taken steps to clean out the property and improve the exterior and told neighbors they had plans for a complete renovation. Since Drug Mart acquired the property, this progress has halted. Only one eyebrow window was repaired in the last almost 8 months since they were granted conditional use, and this occurred only with much pressure from neighbors. We are told that Drug Mart has finally begun to take steps to find someone to renovate the house, but even this action only took place after this group of neighbors made numerous requests of Mayor Summers, Councilwoman Madigan and Mr. Siley. Prior to that, they were doing nothing. This would not be acceptable for any of us as homeowners, and it is unacceptable for Discount Drug Mart.

This inaction is in sharp contrast to Drug Mart's statements. At the August 2, 2012 Planning Commission meeting, Drug Mart representatives made numerous assertions that they would make up for taking part of the backyard of the white house by renovating it. Kurt Schmitz, Drug Mart's architect said: "We're renovating the house. We're giving it back to the community." "We're saving the house, we're renovating it, we're fixing it up, that's no small task." "Part of giving us this is keeping this house and it's renovating it, it's fixing it up." Tom McConnell (Drug Mart representative) said: "We'll remodel it."

Scope of the Renovation

We have now been told that Drug Mart may intend to only address code violations, but do no more. The language that Drug Mart used at the previous Planning Commission meeting suggested more than simply bringing the house to code. In addition, any homeowner would be required to bring the house up to code. Drug Mart was allowed to take a significant portion of the house's back yard in exchange for putting resources into the house to make up for that loss of yard. If Drug Mart is only required to bring the house up to code, their duty to the house will be no greater than any other homeowner who buys a house in disrepair. If that is the case, the city has gotten a bad deal. Drug Mart's duty here is greater than the regular homeowner, because they were given something extra. They were able to slice off a part of the back yard and granted conditional use of that property. In exchange, they should be required to do more for the house that they want to "give back to the community". Correction of code violations does not equate to renovating or rehabilitating the home.

The list of code violations in the City's 3/15/2013 inspection report (completed more than 7 months after the Planning Commission granted the lot split and consolidation) is a good starting place but should not be the complete list of renovations required. Some items not included in that report but which should be required to compensate for the taking of the footage from the back yard include:

- Renovation of kitchen and bathrooms to meet modern standards.
- Repair of all woodwork throughout the house in a manner that maintains the house's historical character.
- Landscape the yard appropriately.
- Paint the interior of the house.
- Replace any wallpaper in disrepair.
- Clean out the house, if any debris remains.

Some items that we were surprised were not in the report, and about which we encourage the Planning Commission to inquire further are:

- The electrical system: Has the box been upgraded? Does the house still have knob and tube wiring?
- The roof: How old is it? Is there evidence in the house of water damage indicating the roof needs repair?
- Foundation and gutters: Is the basement dry? Are there signs of water damage caused by bad gutters and/or foundation?

Drug Mart may argue that this level of renovation would require them to put more money into the house than they can get out of the house. That may well be true. But that is the deal that they struck. Clearly they did not purchase the white house to make money on it. They purchased it so they could use part of the property for their commercial endeavor – that is where their profit lies, not with the white house. All money they spend on the white house renovation

is part of their overall investment in this new store. And the total funds they will spend on the white house are a very small percentage of their total investment.

Enforcement

Based on Drug Mart's actions since August 2012 when it was granted conditional use of the various properties involved, the Planning Commission must take an active role in oversight of this renovation, or it simply will not get done. The gross inattention to the white house since August shows that Discount Drug Mart's promise to "save the white house" was lip service intended to circumvent the city's zoning code for their gain. In addition, we have been told that Drug Mart is taking steps to sell the house and we fear that they are doing so in an effort to avoid their responsibility for the house. Whether they sell or not, Drug Mart should be held fully accountable for the renovation of the white house. If the Planning Commission does not keep the pressure on, Drug Mart will let the house sit even longer.

In addition to the inactivity with regard to the white house, since August Drug Mart has repeatedly failed to live up to its promises and flaunt city ordinances. They promised that trucks would not drive up and down Grace. And yet, the reality has been significant truck traffic continuing long after residents complained to the city, and continued even this week. They promised they would be a good neighbor, yet their crews start before the allowed 8:00 am start time, even after complaints by residents. And, they set up lights in the unfinished building which cast significant light onto and into neighbors' houses. They left those lights on all night. Drug Mart has exhibited that they will not comply with their promises without real enforcement by the city.

We therefore request that the Planning Commission take the following steps to ensure compliance:

- **Reports:** Drug Mart should be required to submit reports to the Planning Commission every 30 days describing their progress in meeting the timeline for renovation.
- **Reports from Neighbors:** In addition, we request that the Planning Commission invite neighbors to submit written reports about any violations of the Planning Commission's orders.
- **Appearance:** Drug Mart should be required to appear before the Planning Commission every 60 days to verbally report on progress. We also request that if the Planning Commission receives any indication that Drug Mart is not in compliance with its orders, the Planning Commission should require that Drug Mart appear at additional Planning Commission meetings.
- **Suspension:** If Drug Mart is in substantial violation with the timeline set out, then the Planning Commission should suspend its grant of Conditional Use of the residential property until such time as Drug Mart comes into compliance. Drug Mart should not be allowed to profit from the conditional use of the property if they are not complying with their promises to renovate the house.

This type of oversight is perhaps unusual for the Planning Commission. However, it is both necessary and appropriate. In fact, it is simply carrying out the promise made by Mayor Summer at the August 2 Planning Commission meeting, in which he said:

If we have problems, if we have traffic problems, we'll acknowledge them, we'll meet in this room, we'll work on improving them. We'll use all of the tools we have. We'll draw on Discount Drug to help us the best they're able, and other tools, and we'll continue to protect your neighborhoods. It's our job to do so, it's your need to do so.

Timeline

Finally, we request that the Planning Commission require that Drug Mart comply with a clear timeline and milestones regarding the renovation. As described above, without this level of specificity it is highly likely that Drug Mart will drag its feet on renovation, based on their actions to date. They were granted conditional use of that property on August 2, 2012. They began construction shortly thereafter, and they tore down Grace Apartments on September 15, 2012. The acquisition of this property was key to their commercial development plan. We were told repeatedly that without the large portion of the backyard, they would not be able to "get [their] trucks around the building." They are planning to open the store in June. If they do, they will be able to profit from their use of the white house's property, yet have taken no action to renovate it as they promised.

We request that the Planning Commission establish a timeline that includes the following:

- April 15, 2013: Contractor is retained and all necessary permits obtained.
- June 15, 2013: 50% of internal work completed.
- August 1, 2013: Internal work completed.
- August 1, 2013: 50% of external work completed.
- October 1, 2013: Renovation is complete and house is placed on the market.

Conclusion

As voluntary servants of our city, you have a responsibility to see that Drug Mart performs as they promised they would do when they stood before you at various meetings. You allowed them to exceed the commercial footprint by granting conditional use of residential property and to strip a portion of the white house's back yard. Now, we ask you to hold them to their promises and ensure that they perform as promised and return "the white house" to us as a viable asset to our community.

With this document we request that you require that Drug Mart: renovate the house (beyond code violations) to comply with their promises; complete the renovation in a specific time frame by October 1, 2013; submit regular reports to the Planning Commission on its progress; and suspend Drug Mart's conditional use of the residential property if it fails to substantially comply with these requirements.

We look to you to help protect our neighborhood and Lakewood and to strike a healthy balance between commercial and residential interests and to make responsible, long-term decisions for the future of Lakewood.

Thank you for your service to our city.

Re: Renewal of Conditional Use Permits for Outdoor Seasonal Dining

Dear Members of the Planning Commission:

Conditional Use Permits for Outdoor/Seasonal Dining can be renewed annually through administrative review by the Director of Planning and Development. In lieu of public meetings, I have approved the renewal for the following businesses that applied for and received your approval for the conditional use. The following businesses will have a conditional use permit for outdoor / seasonal dining in 2013:

- 12401 Detroit Avenue; Peppers Italian Restaurant,
- 14718 Detroit Avenue; Melt Bar & Grilled,
- 15010 Detroit Avenue; Yogurt Treats, LLC ("menchie's"),
- 11926 Madison Avenue; The Flying Rib,
- 13715 Madison Avenue; Angelo's Pizza,
- 14224 Madison Avenue; El Tango Taqueria,
- 16204 Madison Avenue; O'Donnell's Pub, and
- 17014 Madison Avenue; Mullen's of Letterfrack.

This conditional use has proven to improve business for responsible proprietors and enhanced activity on our streets. I want to thank the Commission and the above captioned businesses for proving that the use can benefit our city.

Sincerely,

8. Docket 09-21-12 13603 Madison Avenue
Bonnie and Clyde's, LLC

Bonnie Lewandowski, applicant, requests approval for a Conditional Use permit for an outdoor dining facility, pursuant to Schedule 1129.02 – Principal and Conditional Permitted Uses, Section 1161.03(t)(1g) – Outdoor/Seasonal Dining, and Section 1173.02 – Conditional Use Permits. This property is located in a C3, Commercial and General Business district. (Page 29)

Bonnie Lewandowski, applicant, was present to explain the request. She bought the business with an existing patio and was issued an occupancy permit after the inspection of the bar and patio. A kitchen was added last year. It was a nice area for smokers. Lately there were noise complaints. The one of last night was not from Bonnie and Clyde's patio as there were no patrons. Mr. Stockman asked about the patio. Ms. Lewandowski said it was a solid wood fence, the patio floor was concrete, and the low railing on the fence was for plantings and mulch. There were five tables and eighteen chairs. The menu had items such as wings, hamburgers, and pierogies.

Ms. Karel wanted to know when Ms. Lewandowski was told she needed approval for the patio, and Ms. Lewandowski replied about two months ago. Ms. Karel thought there was a delay in receiving the notice and application for a permit. Ms. Lewandowski would not activate the outdoor speaker unless requested.

Julie Plagens, one of the owners of Lakewood Village, resided in Rocky River, and Gina Smith, 2004 Elbur Avenue, voiced their concern about the noise. Ms. Smith's apartment overlooked the patio. Ms. Plagens said she had six tenants in the Lakewood Village complex who are not getting sleep because of the noise. Ms. Smith said it was the combination of the music and the patrons' conversations; more to the music, it was the bass that permeated through her unit and window. Ms. Lewandowski said her patrons were not rowdy and fights; there were normal conversations. Ms. Plagens said it was the time. Ms. Smith said there were people on the patio at 2:38 am. Ms. Plagens said she is losing tenants. Ms. Gillett said the Planning

Commission had the authority to limit the hours. Ms. Smith said she heard activity from the bar/patio all day and evening and was unable to open her windows.

Mr. Stockman said Ms. Lewandowski had to be vigilant. If the patio use were granted, it would be subject to conditions.

Mr. Siley said the close proximity of commercial and residential buildings posed unique problems. Regardless, the speaker could not be permitted in this situation. It was the responsibility of the owner and manager to monitor the noise situation when patrons were on the patio. Ms. Karel had concerns about the code not being followed, and that the new owner did not seek approval since any prior approval would expire with the sale. She was concerned with the number of times the police have been called.

Ms. Mladek pulled CAD reports prior to the current situation, and in about one year, there were maybe one or two substantiated complaints resulting from music.

Ms. Gillett concurred with Ms. Karel's concerns that Ms. Lewandowski was not aware of the codes and the requirements, as was the responsibility of a property owner. In the past, having security on the premises had been one of the conditions to granting the use of patios.

A motion was made by Ms. Gillett, seconded by Karel, to **GRANT with the following stipulations:**

- 1. The outdoor patio speaker be removed immediately and**
- 2. To close the patio on October 31st, 2012.**

Ms. Karel asked about appeals to the decision of the commission. Mr. Siley stated they typically approve conditional use and ask the applicant to reappear within a year for renewal. In this instance, suggested approval would be through the current season ending in October and to revisit the request in early 2013; a review of activity would be conducted. All of the members voting yea, the motion passed.

PLANNING COMMISSION REQUIRED FINDINGS

**IF YOU ARE REQUESTING A CONDITIONAL USE PERMIT TO SECTION 1173.02(b),
APPLICANT MUST MEET ALL THE REQUIREMENTS.**

EACH QUESTION MUST BE ANSWERED IN FULL - A "YES" OR "NO" IS NOT ACCEPTABLE

Describe the existing use of the property in question?

Building adjacent to the Around The Corner
Patio is office / warehouse space.

Is the proposed use designed, constructed, operated, and maintained so as to be harmonious with the existing and/or intended adjacent uses, and if not, explain?

Yes, the office/warehouse space would be harmonious
with the existing Around The Corner Patio.

Will the granting of the conditional use permit be adequately served by existing public utilities and services, and the impact of the proposed use on such utilities and services, and if not, explain?

Yes, it would be adequately served by existing public
utilities and services.

Is the granting of the conditional use permit in harmony with the neighborhood or will it be injurious to the neighborhood or otherwise detrimental to public welfare?

Yes, it will be in harmony w/ the neighborhood. We will be filling
up a vacant space that is hard to rent. The space will not be injurious
to the neighborhood because of its location. It is a middle space
of the warehouse. See drawing.

Will the granting of the conditional use permit interfere substantially with vehicular and pedestrian traffic on surrounding public right-of-ways, and if so, explain?

No, it will not interfere. The public will be entering this
space through the rolling glass garage doors from
Around The Corner patio.

Will the granting of the conditional use permit result in the destruction, loss, or damage to a property listed on the federal, state, or local register of historic places, and if so, explain?

No, it will not.

Docket 12-17-07 18622 Detroit Avenue

Michael Krivosh, property owner, requests a conditional use for Outdoor/Seasonal Dining Facility pursuant to Section 1129.13 and Subsection 1161.03(t). The applicant is proposing to utilize an adjacent office/warehouse space to expand the existing business for private parties and for a place for patrons to go during inclement weather from the patio. The request is for rolling glass doors between the patio and proposed new space in a C2, Business, retail, Business District.

Michael Krivosh, property owner, was present to explain the conditional use request. Mr. Krivosh said he is having difficulty leasing the building because of its unique size and therefore decided to consider utilizing the center portion of the building as a party center. He said as a result he hoped to be able to compete in that growing market. Mr. Krivosh indicated that the rolling garage doors and potential party center entrance would be off the existing patio.

Mr. Einhouse expressed concern about potential noise coming from the party room when the rolling doors are opened. Mr. Krivosh indicated that he has never had a problem or complaint from noise on the existing patio as he tries to be a good neighbor and address potential problems before they can escalate and does not anticipate any problems from the rolling windows.

Mr. Krivosh said he understands that if the Planning Commission approved this conditional use request that other approvals would be needed. He said he would need approval from the liquor control board as well as the Building Department for a change of use. With respect to parking, Mr. Krivosh said he had plenty since he owned most of the parking in the vicinity.

Mr. Einhouse also expressed concern about the recent smoking ban and how this would affect the smoking on the outdoor patio and Mr. Krivosh responded that is one of the reasons he is proposing three rolling windows instead of one large one, so windows can be opened and closed as needed. Additionally, Mr. Krivosh said a portion of the outdoor patio, the section running parallel with the proposed location of the rolling windows, is smoke-free.

Mr. Albrecht asked for clarification from Mr. Corrigan regarding a conditional use and Mr. Corrigan stated that a conditional use is granted to an applicant and is not transferable.

Ms. Gillett asked if there would be access to the proposed party center from the current bar and Mr. Krivosh said no, there is access from the patio only. He said in the future they might consider installing a connecting door from the proposed area to the existing bar.

Mr. Grulich asked if the building that the proposed party center would be located is situated on a separate parcel. Mr. Krivosh did not clearly answer this question.

Mr. Graham asked how many seats are proposed for the party room and Mr. Krivosh said he did not know however there is 2,100 square feet of space in the proposed area.

Mr. Corrigan asked if there were speakers on the existing outdoor patio and Mr. Krivosh said yes. Mr. Corrigan asked if any additional speakers would be added and Mr. Krivosh said no.

Mr. Corrigan asked Mr. Krivosh if he planned on constructing a stage in the proposed party room and Mr. Krivosh said he did not know.

Mr. Corrigan asked if food preparation is planned in the proposed party center and Mr. Krivosh said not at this time.

Mr. Corrigan addressed the smoking ban and Mr. Krivosh reiterated his previous comments in that a portion of the outdoor patio closest to the proposed rolling windows is non-smoking. Mr. Corrigan asked if Mr. Krivosh has been able to maintain and enforce the no smoking and Mr. Krivosh said yes.

The Building Department had no comment and there were no questions or comments from persons in attendance.

Motion by Mr. Einhouse, seconded by Mr. Viglianco to **APPROVE** a Conditional Use for Outdoor/Seasonal Dining with the stipulation that the property owner makes a conscious effort to control the sound by lowering the rolling windows as needed; that the windows may be open until 2:00 a.m. seven days a week and that the property owner appear before the Planning Commission at their December 2008 meeting at which time the Commission shall review the aforementioned conditions for the rolling windows. All members voting yea, motion passed.

5. Docket 05-10-11 17900 Detroit Avenue
Eddy + Iggy's Bar and Grille

Tom Corrigan, owner of Eddy + Iggy's Bar and Grille, requests Conditional Use approval for an Outdoor/Seasonal Dining Facility, pursuant to Sections 1129.02 – Principal and Conditional Permitted Uses, 1129.13 – Supplemental Uses for Outdoor/Seasonal Dining Facility, 1161.03(t) – Supplemental Regulations for Specific Uses, and 1173.02 – Conditional Use Permit. The proposed outdoor dining would be located on the east side of the restaurant. The property is located in a C2, Commercial and Retail district. (Page 3)

Tom Corrigan, owner, was present to explain the request. Accompanying him were his brother and partner, Tim Corrigan, and Ben Hancock, the project construction manager. He proposed to use four (4) parking spaces and some of the landscaped area. The parking spots would be relocated to the rear of the building. A cable and railing fence system would surround the dining area. The proposal had been presented to the Architectural Board of Review ("ABR").

Mr. Einhouse asked about the current number of seating to which Mr. Corrigan replied "85". Mr. Einhouse asked about the relocation of the ADA parking spot. Mr. Corrigan said there was one across the lot that was within the required distance. Ms. Cierebiej inquired about a second ADA parking spot, and Mr. Corrigan stated a second one would be relined and signage added.

Mr. Corrigan acknowledged that the fence system would need to be removed and stored out of sight during the off season.

Mr. Greytak asked about the pavement surface. Mr. Corrigan said it would be resealed and repainted to correct former bumps, and graded to allow for proper drainage from the building. He confirmed the seating would be for twenty-one (21).

Mr. Siley advised the Planning Commission that the proposal needed final approval from ABR, and the applicant would be required to enter into the Use of Public Property Agreement, as a portion of the seating was in the public way. He concluded the City had no objections other than those two points.

Ms. Gillett asked about the gate. Mr. Corrigan said that an egress was required in the case of an emergency. Mr. Siley concurred and added that was also before ABR.

There were no comments or questions from the public.

A motion was made by Ms. Karel, and seconded by Mr. Stockman, to **GRANT** the request as presented with the **stipulation** of entry into the appropriate and necessary agreements. All members voting yea, the motion passed.

Introduction: Draft of 2012 Community Vision

As requested by City Council in early 2012 the Planning Commission and the Department of Planning and Development began a year-long process to develop an update to the 1993 Vision. From May through December 2012 approximately 20 community workshops were held to develop an updated vision for Lakewood. Staff will present the working draft of the vision update to Commission for review and discussion. Staff requests approval of the draft and a recommendation to City Council for adoption.

Sincerely,

Dru Siley
Secretary
