June 24, 2011

Dear Neighbor,

Please join us for a community forum on Wednesday, July 6th, 2011, 7:00 p.m. at St. Peters Episcopal Church located at 18001 Detroit Avenue to discuss a proposed residential development on Sloane Avenue.

The City has been contacted by a residential development company interested in redeveloping three properties on the west side of Sloane Avenue for 19 townhomes. We feel it is appropriate at this stage that City staff and the interested developer have an open discussion with the community regarding the development of this property.

Any potential development in the City of Lakewood will go through many layers of public input and discussion, including; community meetings and board and commission hearings. Your input is important to us and we look forward to hearing from you.

So, please join us on Wednesday, July 6th, 2011, 7:00 p.m. at St. Peters, parking is available behind the church off of West Clifton Boulevard and signs will be posted leading into the meeting room.

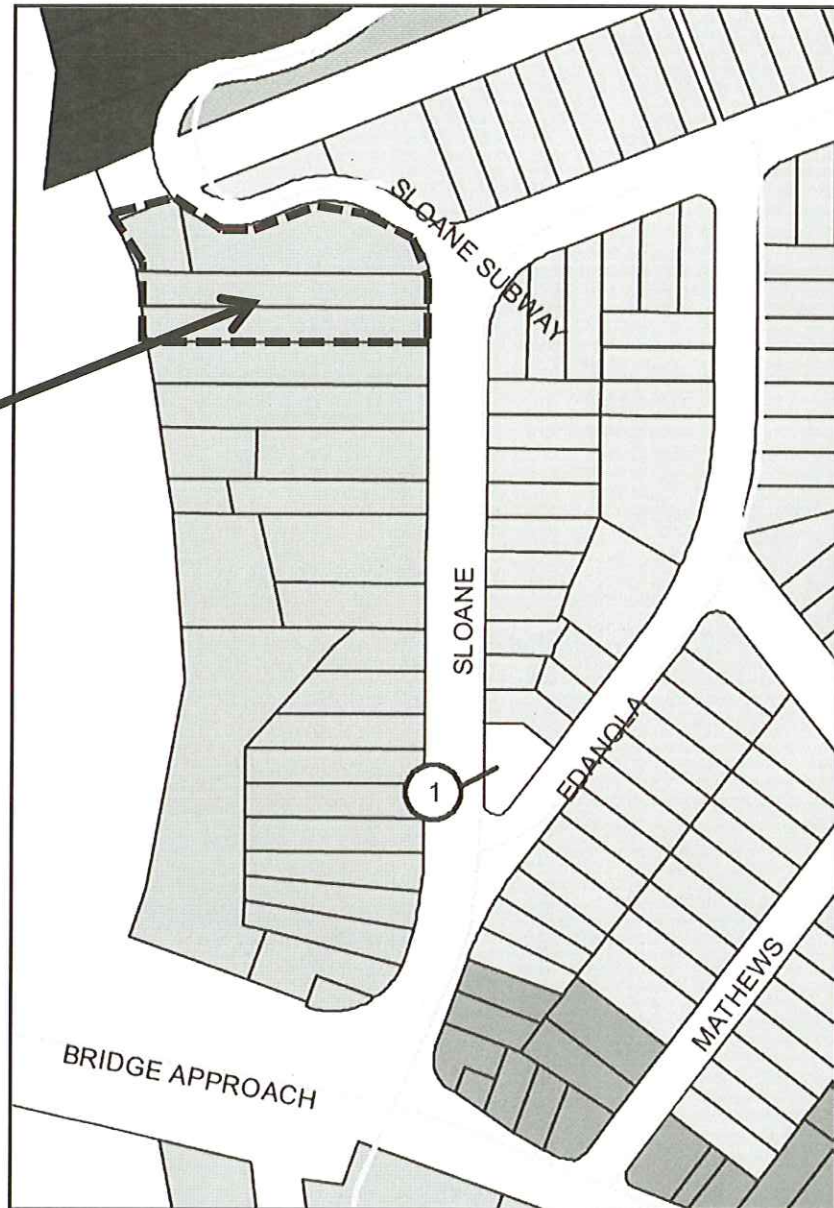

For more information, please contact the Department of Planning and Development at 216.529.6630 or planning@lakewoodoh.net.

Sincerely,

Michael P. Summers
Mayor

David W. Anderson
City Councilman, Ward 1

Proposed
Development
Location
